INVOICE & SERVICE AGREEMENT

Website Development

Client Name: Hyper Steel Innovation
Service Provider: Cicada Web Solutions
Prepared By: Vibhakar S
Date: 27-10-2026
Project: Website Development

---

1. Project Overview

Hyper Steel Innovation requires a professional business website to establish its digital presence, showcase its steel fabrication services, highlight completed projects, and make it easier for potential customers to contact the business.

Cicada Web Solutions will design and develop a modern, mobile-responsive website tailored to Hyper Steel Fabrication's business requirements. The proposal offers two options: website development with a 3-year domain and hosting package, or website development without domain and hosting services.

---

2. Scope of Work:

i. Website Development

A professional, responsive website will be designed and developed for Hyper Steel

Fabrication.

The website may include the following sections:

- Home / Hero Section
- About Hyper Steel Fabrication
- Steel Fabrication Services
- Products / Projects Gallery
- Contact Section
- WhatsApp and Call Integration
- Google Maps Integration
- Instagram, Facebook and Other Social Links
- Mobile-responsive design
- Modern UI styling and animations

The final website structure will be confirmed based on the client's requirements, available content, and project details.

ii. Domain and Hosting

Cicada Web Solutions will arrange domain registration and website hosting for a period of **3 years** under the selected package. Domain setup, website deployment, and SSL configuration are included.

The domain will be registered in the client's name wherever supported by the registrar. Domain and hosting renewals after the initial **3-year period** will be charged separately at the prevailing rates.

iii. SEO Foundation

The website will include basic on-page SEO setup, including page titles, meta descriptions, image alt text, sitemap, robots.txt, and other relevant configuration where applicable. Advanced SEO campaigns, ongoing content creation, paid advertising, and guaranteed search rankings are not included.

---

3. Client Responsibilities

To complete the project smoothly, Hyper Steel must provide the required materials on time, including:

- Company profile and business details
- List of fabrication services
- Project photos and portfolio details
- Contact number, WhatsApp number and business address
- Logo and any existing brand assets

---

4. Investment & Payment Terms

The following packages are available for Hyper Steel Fabrication.

Package 1: Website Development with Domain & Hosting Total: ₹8,000 (FINALIZED)

- Complete website design and development
- Domain registration for 3 years
- Web hosting for 3 years

- Website deployment and SSL configuration
- Basic on-page SEO setup
- WhatsApp, call, and contact integrations as agreed
- 3 year of post-launch technical support

Domain and hosting renewals after the initial 3-year period will be charged separately.

Package 2: Website Development Only Total: ₹6,000 (FOR REFERENCE)

- Complete website design and development
- Basic on-page SEO setup
- WhatsApp, call, and contact integrations as agreed
- Website files and source code handover after full payment
- 1 year of post-launch technical support for the delivered work

Domain registration, web hosting, paid third-party services, and deployment costs are excluded. The client must provide their own domain and hosting for the website to be published online.

Payment Structure

- 50% advance payment before starting the project.
- 50% payment after completion.

6. Ownership & Handover

After full payment is completed, the final website design, UI structure, and implemented features will belong to Hyper Steel. Cicada Web Solutions retains the right to showcase the completed project in its portfolio and marketing materials unless requested otherwise in writing.

---

7. Maintenance & Support

Full support will be provided after launch for fixes or technical issues related to the delivered work. Changes or Corrections will be done within 72 Hours.

Support period: **3 Years (Until the Domain Expires)**

After the support period, ongoing maintenance, updates, SEO work, ad management, or content changes will be charged separately.

---

8. Approval & Next Steps

By approving this proposal and making the advance payment, Hyper Steel confirms agreement to the project scope, payment terms, and service conditions mentioned in this document.

Work will commence immediately upon receipt of the initial 50% advance and the required brand assets. An official invoice with payment details will be provided upon your confirmation of the preferred option.
