1. Invoice & Package Selected

This document records the selected service package and the terms for the website development project for Hyper Steel Fabrication.

Description	Amount
Package 1 — Website development with domain & hosting	□8,000.00
Includes website design and development, domain registration for 3 years, web hosting for 3 years, website deployment, SSL configuration, basic on-page SEO, and agreed WhatsApp/call/contact integrations.	Included
Total Project Fee	**□8,000.00**

Payment terms: 50% advance (□4,000) and 50% on completion (□4,000), as stated in the selected package terms. Any amount already paid will be adjusted against the total fee.

Payment status: To be confirmed between the parties. This document does not itself confirm receipt of any payment.

2. Scope of Services

- Professional, responsive website design and development for Hyper Steel Fabrication.
- Business information and service sections, project/products gallery, contact section, and other agreed website sections.
- WhatsApp and call integration, Google Maps integration, and basic enquiry form if required and agreed.
- Mobile-responsive layout, modern UI styling and animations.
- Domain registration and web hosting for 3 years, website deployment, and SSL configuration.
- Basic on-page SEO setup, including page titles, meta descriptions, image alt text, sitemap and robots.txt where applicable.
- Three years of post-launch technical support for issues related to delivered work. Changes or corrections will be addressed within 72 hours, as stated in the proposal.

3. Exclusions & Renewal

Advanced SEO campaigns, ongoing content creation, paid advertising, guaranteed search rankings, and ongoing maintenance or content changes beyond the included support are not included. Domain and hosting renewals after the initial 3-year period will be charged separately at prevailing rates.

SERVICE TERMS & ACCEPTANCE

Hyper Steel Fabrication Website Development

4. Client Responsibilities

Hyper Steel Fabrication will provide accurate company details, service information, project photographs, contact details, business address, logo and other required brand assets, and will provide feedback and approvals in a timely manner. Delays in content or feedback may affect completion and delivery.

5. Timeline & Project Status

The original proposal estimated a development timeline of 7–10 working days from receipt of the advance payment and all required content. The parties acknowledge that work is already in progress as of the date of this document. The remaining delivery schedule will depend on outstanding content, feedback, revisions and approvals.

6. Payment, Delivery & Ownership

The total agreed project fee is □8,000 for Package 1. Any outstanding balance is payable according to the payment terms above. After full payment, the final website design, UI structure and implemented features will belong to Hyper Steel Fabrication. Cicada Web Solutions may showcase the completed project in its portfolio and marketing materials unless the client requests otherwise in writing.

7. Support & Limitations

Post-launch support covers fixes and technical issues related to the delivered work for the 3-year support period included in Package 1. New features, substantial changes, third-party service charges, ongoing SEO work, ad management, content updates, and maintenance outside the stated support scope will be quoted separately. Domain and hosting renewal charges after the initial 3 years are excluded.

8. Agreement & Acceptance

By signing below, both parties confirm that they have read and accepted the scope, fee, payment terms, responsibilities and service conditions in this document. This agreement records the selected Package 1 and supplements the project proposal dated 11-10-2026. Any changes should be confirmed in writing before proceeding.
